About CNPA

The Connecticut Naturopathic Physicians Association (CNPA) is a nonprofit professional membership association representing Connecticut naturopathic doctors (NDs). We seek to provide the most up-to-date listings and information about Naturopathic Doctors in Connecticut, continuing education opportunities, and advocacy for natural health issues on a local and national scale.

Location

The CNPA is thrilled to be hosting its 7th annual conference at the Lincoln Technical and Culinary Institute in Hartford, CT. This venue is sure to be a draw - about as far from a boring hotel ballroom as you can possibly go!
